About me... your NLP Trainer

A long time ago now, I was let into a secret – a secret that literally changed my life. That secret was NLP.

It is now my mission in life to spread this secret far and wide – to help you to live a happier and more fulfilled life. Whether you are an entrepreneur, a business owner, a manager, a parent, an educator, a health worker, a coach, somebody who wants to help others...or indeed just committed to getting back in the driving seat of your own life, I can help.

The way I run my business is like a family – once you have trained with us, you are one of us (if you choose to be!). You become part of a close-knit, supportive community who will become your cheerleaders!

I create a safe, supportive and fun space for you to discover who you REALLY are once all the “shoulds” and “musts” and “have tos” have been removed. I will support you to look deep inside yourself and ask yourself THAT question: what do I really want? And I will teach you the tools and techniques to get there.

Alongside my NLP training qualifications, I have over 30 years' business experience in the public and private sector, an MBA (Masters Degree in Business Administration) and an ILM Level 7 Certificate in Executive Coaching and Mentoring. That means that I approach my training with insight and strategy gleaned from multiple industries and disciplines. And that means that YOU can be sure that you are receiving professional training at the highest level.

What if I can't attend the whole course?

Wherever possible, I encourage you to attend the sessions, as this is where you can really gain the insights to fully understand and be able to successfully apply NLP and pass the course.

I will however, be as flexible as possible (within the awarding body requirements), so please do speak to me if you have any questions on attendance, so I can design an appropriate and personalised catch up plan for you.

How will I learn?

For every topic, you will firstly understand the benefits of learning the subject; why you may want to learn what I am going to be sharing with you.

You will then learn about the history, research, science, real life examples, etc. before exploring the actual process.

Where applicable, there will be a demonstration of the process which will be followed by an opportunity for you to work with a partner as Practitioner and as a client.

Finally, you will have an opportunity to discuss your learning, ask any questions you may have and discover how you can apply what you have learnt in your own personal or professional situation.

Will I need to study in my own time?

You will be sent a reading list in advance of the course and you are encouraged to read at least one of the books listed. In addition, it is advantageous for you to re-read the manual after each session and practice the subjects you have learnt, so as to really embed your learning.

How will I be assessed?

To pass the NLP Diploma, you will be assessed throughout the whole course in terms of understanding, participation, contribution and application of the learning. It is at my discretion, as to whether you have met the expected level and they will give constructive feedback, should this be necessary.

If you are not yet at the level required, then provided it will be beneficial to yourself and for the rest of the group, then you can revisit on a later course to deepen your understanding. You will receive a certificate of attendance for the course dates attended until you achieve the relevant level required for full certification.

What happens after the course?

The next level of study is the NLP Practitioner course which will enable you to be certified as an NLP Practitioner (subject to successfully passing the course). The amount you have paid for the Diploma will be taken off the full price of the Practitioner course.

In addition, on the third Wednesday evening of the month we run NLP Practice workshops, which you would be more than welcome to attend.

What previous attendees think?

I am thrilled every time we receive feedback, as we know that NLP is helping so many people to achieve greatness in their lives. If you would like to discover what other participants think, then you can read their reviews via [Google My Business](#).

"NLP is amazing and totally transformative but what makes the difference is what a fabulous trainer Emma is. She holds the space beautifully, is super knowledgeable about all things NLP and above all else, she makes it so much fun! If you're curious about NLP I thoroughly recommend having a chat with Emma. Learning NLP is like developing a superpower; it's an exceptional tool to add to my skill set and business."

Still not sure if this course is right for you?

My recommendation is for you to 'dip your toe' into the NLP waters by attending the NLP Taster session – that way you can learn a bit more about NLP and meet me, your trainer. There are various dates available, [click here](#) to find out more.
